"In the month of April, through the Hope2020 campaign, 3,912,985 people have been reached with the gospel via Radio, TV and social media. 2,064 were engaged in conversations that led to 74 of them deciding to accept Christ."

Going through different websites searching for the truth, Kelly Thompson, a student from Namitete Technical College, came across everystudent.com (a Campus Crusade for Christ evangelistic website) where he read a number of articles and finally decided to accept Christ. In February this year, he connected with Douglas, a LIFE Ministry staff who discipled him online and later in April invited him to an online WhatsApp Bible Study. Kelly brought along Paul, one of his college mates.

As he interacted with Douglas, Kelly was challenged to create his own WhatsApp Bible Study group. Kelly invited his college mates and 22 of them showed interest! His online Bible Study group is set to begin on Saturday 1st May 2020. Praise God with us that during the lockdown occasioned by the Covid-19 crisis, many students like Kelly are finding hope in Christ, being discipled and equipped to become disciple-makers - all online!
