ENVISIONING CHRISTIAN LEADERS

30 leaders attended the Lilongwe LeaderImpact vision event held on 9th August at King’s Guest House. The focus of the event was envisioning Christian leaders from different spheres to impact other leaders for Christ. One of the participants, Eunice, said: "I am grateful for this opportunity to impact my country for Christ." Supplementing this, another participant, Phillip said: "This is a great strategy that can change Malawi."

LeaderImpact is the marketplace arm of LIFE Ministry Malawi that focuses on helping leaders grow professionally, personally and spiritually so they can be people of impact. It works through a cyclical process of mobilizing, training and empowering leaders. As leaders move through the process they are equipped to reach new leaders, some who will commit their lives to Christ and begin the process themselves. To support this process, there are helpful resources, training, and opportunities to put what you learn into practice.
MEET MR. PYOKA TEMBO

Q: Tell us a bit about yourself
A: I am an entrepreneur, the Managing director of Pickfit tyres and Kings Real Estate. I am married and have three lovely children. I am a passionate follower of Christ. I currently serve as the chair for the Lilongwe LeaderImpact City Team.

Q: How did you learn about and get involved with LeaderImpact?
A: I was invited to the LeaderImpact Nairobi Lab where I interacted with 50 leaders from seven countries. I was highly motivated by how God is using them to impact leaders in their nations. I gladly accepted the challenge to help start LeaderImpact in Malawi.

Q: Why are you so passionate about your involvement with LeaderImpact?
A: First, my interaction with LeaderImpact has impacted how I lead. I am more conscious, deliberate and intentional because I realize the impact my leadership is having on those around me. Secondly, LeaderImpact is an answered prayer for me. I have been very concerned about the great need I see among leaders in all spheres of society and how leadership is affecting our country. I have also been clear that the solution lies in discipling leaders because when we do so, we will have better families, better organization, and a better nation. I am excited that LeaderImpact provides the platform, process and products that we can use to impact leaders and thus bring transformation to our communities and country.

Q: Why would you encourage other leaders to be involved with LeaderImpact?
A: We all want to see a better country, and we are all searching for solutions. But the scriptures clearly teach that the solution is found in the kind of leadership modeled by Jesus. He was a servant leader who had a clear vision. In the end he built a great team that accomplished great things long after He was gone. He left a rich legacy that we are all a part of today. We have an opportunity to disciple leaders in our nation who have great influence. Through them, many other lives will be impacted and our communities and nation will be transformed. Join us in this exciting adventure!

PRAISE GOD FOR:
(1) Successful Lilongwe vision event attended by 30 leaders.
(2) 16 leaders are going through a ten week training process to equip them for effective marketplace ministry.
(3) A committed city team of 10 market-place leaders who are coordinating LeaderImpact activities in Lilongwe.

PRAY FOR:
(1) Lilongwe outreach event scheduled for 12th November, 2019.
(2) Transformation in the personal lives and leadership of the leaders going through the training process.
(3) For God to raise leaders who will help start LeaderImpact in Blantyre, Mzuzu and Zomba in the next 12 months.

CAPTIONS: 1. Hon. Monica Chang’anamuno challenging leaders to impact fellow leaders for Christ.
2. Participants during our Lilongwe vision conference.
3. Lilongwe LeaderImpact City Team
